Thank You
for downloading these
One Breath Boxes.

I hope you enjoy them!

The idea of One Breath Boxes came from *teachertipster.com*. Here's how they work: the student takes 'one deep breath' and tries to read all of the words in a box. They are a simple and fun way for students to develop word fluency. Once students master one set, they move on to the next. It is any easy way to differentiate for the wide range of reading levels in a classroom.

This set contains 2 pages for each set of 25 Fry words. Changing the order ensures mastery rather than memorization of the order of the words.

Black and white versions are also included.

Some options for classroom use:

- ~ Laminate for use in a center {good for reading buddies or word work station}
- ~ Use on SMARTBoard with whole group or as a center
- ~ Keep in a daily take home folder {great practice for those students who do not have support at home because they can do them on their own}
- ~ Guided Reading Warm Up or Morning Work {they start as soon as they get to the table - no wasted time!}
